"ISRAEL" DEBUNKED: A CRIMINAL ZIONIST CONSPIRACY

By BENJAMIN H. FREEDMAN

Founder 1950 Christian Anti-Defamation League

As I sit here now at my typewriter, eager to communicate the important information I have in mind to the readers of Common Sense, my heart is filled with fear for the security of the United States by the threat of the criminal Zionist conspiracy. The readers of Common Sense can best serve their country and their own personal interests by favoring what they are about to read with their most serious consideration and prompt attention. There is much more at stake than meets the eye which makes that request a necessity.

The shooting that goes on every day along the Middle East cease-fire lines may erupt at any moment into a full-scale major war. That has appeared inevitable from day to day for many months. The daily newspaper accounts and radio broadcasts remind the nation that the Middle East crisis may at any moment now blow-up into Act I of World War III.

The outbreak of a major war in the Middle East will most certainly create a threat to the security of the United States, and possibly a threat to its survival. There cannot be a doubt about that any longer. The danger has increased in recent weeks because neither the United Nations nor the Four Power meetings came up with a plan for peace in the Middle East that by any stretch of the imagination is acceptable to all the parties concerned to reconcile their differences. Their recourse to war now appears as the only solution to the Middle East problem.

For a reason that is difficult to grasp, the Christian 97% of the population of the United States shows very little interest in the fact they will be called upon by their Government to bear the burden of the cost of that war, in men or in money or both as the case may be. The Christian 97% of our population, because they were 97% of our population at the time, bore the burden of the cost of both World War I and World War II in both men and money, whether or not they realized it then or do now.

In a sense that borders on treason to a trust by them, the Christian 97% of our population has never been told the truth, why the United States today continues to assume financial and international responsibility for "the political independence and territorial integrity" of the so-called State of Israel, contrary to all international treaty obligations of the United States.

The relationship between the United States and the so-called State of Israel has cost the Christian 97% of all the tax-payers in the United States 97% of the twenty-three bil-

lion dollars (\$23,000,000,000.00) which the so-called State of Israel has cost the tax-payers of the United States in one form or another, with no end in sight. The Internal Revenue Department of the United States Treasury estimated that 97% of the direct and indirect taxes paid into the United States Treasury were paid by the Christian 97% of our population.

In a sense that borders upon treason to their trust, is the fact the Christian 97% of our population was not informed how the United States was railroaded into World War I by Zionist intrigue. The cost of 97% of that war in men and money was paid by the Christian 97% of our population. It is an admitted fact today by all the parties concerned, that the World Zionist Organization and the British War Cabinet entered into an agreement in London in 1916, whereby Great Britain agreed to hand Palestine over to "the Zionists of the world" as compensation to "the Zionists of the world" for exerting their influence in the United States to pressure the United States into World War I as Great Britain's ally on April 6, 1917. Great Britain promised Zionists something Great Britain did not own in order to drag the United States into the war as Great Britain's ally, two years after the outbreak of World War I, when a defeated Great Britain was about to accept Germany's generous peace offer, unless the United States could be railroaded into that war as Great Britain's ally.

In a sense that also borders on treason to a trust, the Christian 97% of our population was kept in the dark concerning the Zionist intrigue which eventually railroaded the United States into World War II. Zionist propaganda and pressure on President Franklin D. Roosevelt and Prime Minister Winston Churchill finally succeeded in dragging the United States into World War II on December 7, 1941, through the "back door" of Pearl Harbor. World War II had been raging in Europe since September 1, 1939. Great Britain and her allies were on the verge of surrender to Germany unless the United States could be railroaded into the war as Great Britain's ally. Germany did nothing that could justify a declaration of war by the United States against Germany. Germany remembered her World War I defeat by the entrance of the United States into World War I. Zionist intrigue maneuvered that according to their diaries by members of President Roosevelt's 1941 Cabinet.

Today all indications point to the fact that the United States is about to be railroaded into World War III by Zionist intrigue. Contrary to the best interests of the Christian 97% of our population, World War III will be fought to insure that "the Zionists of the world" can permanently retain possession of the Middle East territory illegally and im-

morally acquired by naked Zionist aggression between 1948 and 1967. The cost of World War III to the Christian 97% of our population will be incalculable in men and money if that war develops into a nuclear war. That war does not appear to be as improbable today as it did a short time ago.

In view of the certainty of an outbreak of a major war in the not too distant future in the Middle East, it becomes imperative that the Christian 97% of our population are informed about the criminal Zionist conspiracy organized in Basle, Switzerland in 1897, by the paranoid journalist and playwright Theodor Herzl, proclaimed by Zionists throughout the world since then as "the father of Zionism." That knowledge will make it possible for the Christian 97% of our population to take measures they believe necessary at that time, to defend their political, cultural and economic traditions against the threats of the criminal Zionist conspiracy. That knowledge will make it possible for the Christian 97% of our population to prevent the Zionists from railroad-ing the United States into a major war in the Middle East which will make the present war in Viet Nam look like a Sunday School picnic by comparison.

The Christian 97% of our population must be made to understand that it was solely for personal political considerations in election years that President Truman, President Eisenhower, President Kennedy and President Johnson explicitly and implicitly gave Zionists to understand prior to the elections, that the Zionists could rely upon them if they elected them, "to defend the political independence and territorial integrity" of the so-called State of Israel. As a consequence, they were elected Presidents of the United States.

At the time President Truman, President Eisenhower, President Kennedy and President Johnson gave their pledge to the Zionists, they were well aware that under international law, recognized and observed by the United States, the so-called State of Israel was an illicit regime "proclaimed" in Palestine on May 14, 1948 by an armed uprising there of a minority of recently transplanted aliens who obtained membership in the United Nations by the intervention with the governments by South America by Cardinal Spellman secretly on their behalf.

Cardinal Spellman was the guest of honor at the 50th anniversary celebration of Beth Israel Hospital in the grand ballroom of the Waldorf-Astoria Hotel on June 10, 1964. Mr. Charles H. Silver, the president of Beth Israel Hospital, presided on that occasion and Cardinal Spellman was invited as his guest of honor by his good friend, Mr. Silver. In introducing Cardinal Spellman to the guests, (Continued on Page 2, Column 1)
